

On www8.agame.com, files.game.com.cn, swf.xiaoyouxi.cn, gamedev.dev.spilgames.com:

1. Inviziads will NOT be visible. This will be hardcoded inside the game.
2. Bottom strip should be removed
3. Our branding will be removed completely.
4. A “credits” button will be added on intro screen which will have non-clickable Games2win.com or Gangofgamers.com logo i.e. Developed by Games2win.com / Gangofgamers.com
5. Spil’s teaser, Dog-Ear will be there (included in the branding package) with click-outs to their sites and will change depending on the branding keyword
6. Intro screen will have Spil’s language toolbar
7. Games must be scoring enabled
8. High score integration has to be confirmed by dev team (we cannot test score integration at our end)
9. FShare, Facebook & Video Tutorial button should NOT be there
10. Our wrapper should not be there.
